Dear Shiffy,

I want to thank you for your unrelenting efforts on my mom's behalf. I appreciate how you took the time to identify, recognize and encourage her abilities, all while finding ways to work around her limitations. I believe that your work has made a huge impact on her quality of life.

M.W., daughter

Dear Shiffy,

You were the first person we turned to when dad became ill, and your calm reassuring manner was often the difference between falling into despair and making effective plans for the future. At the time everything seemed so overwhelming. Your advice to us was always clear, always right on target and, most importantly, always given with great compassion and tenderness. We want to thank you for your wisdom, your caring and your willingness to work hard on our behalf. We owe you a debt we can never repay.

Sincerely,

*C.H., son in law,
school principal*
